## A FRIEND IN NEED A FRIEND INDEED

Writes Mrs. Hardee Regarding Lydia E. Pinkham's Vegetable Compound

Los Angeles, Calif.—"I must tell you that I am a true friend to Lydia E. Pinkham's Vegetable Compound. I have taken it off and on for twenty years and it has helped me change from a delicate girl to a stout, healthy woman. When I was married I was sick all the time until I took Lydia E. Pinkham's Vegetable Compound. I was in bed much of my time with pains and had to have the doctor every month. One day I found a little book in my yard in Guthrie, Oklahoma, and I read it through and got the medicine—Lydia E. Pinkham's Vegetable Compound—and took eight bottles and used the Sanative Wash. I at once began to get stronger. I have got many women to take it just by telling them what it has done for me. I have a young sister whom it has helped in the same way it helped me. I want you to know that I am a 'friend indeed,' for you were a 'friend indeed.'—Mrs. GEORGE HARDEE, 1043 Byron St., Los Angeles, California.

### STATE HOSPITAL NURSES

PRESENT CHEST OF SILVER

Mrs. Richard Lennihan, supervisor of nurses at the Norwich State Hospital, was the recipient of a most unusual and spontaneous expression of regard and appreciation, the other day, when the entire staff of nurses presented her a chest of silver, beautifully embossed and engraved.

Mrs. Lennihan has been connected with the Norwich State Hospital for over four years in different capacities. Beginning as a student in the nurses' training school, connected with the hospital, she soon won the respect and regard of all by her amiable disposition, and ready sympathy. Graduating in 1920, she passed the Massachusetts state board examinations with high honors. She was then made assistant supervisor of nurses at the Norwich State Hospital, and finally in July, 1921, she was promoted to the highest office open to women in that institution, that of supervisor of nurses. With ready tact and sympathy she fulfilled the duties of this important office, winning the love and affection of all under her charge, and the regard and admiration of the entire staff.

Mr. Lennihan has been in charge of the pasteurizing department of the hospital for several years, but lately has resigned this position to take over the management of a large pasteurizing plant in Boston. Mrs. Lennihan will

accompany him to that city where they intend to make their home.

Mr. and Mrs. Lennihan take with them to their new home the best wishes of a large host of friends and acquaintances in and around Norwich.

GYPSIES HOLDING FAST AT COUNTY FAIR GROUNDS

Efforts to dislodge the band of about 20 gypsies, who recently landed at the fairgrounds of the New London County Agricultural Society, after depositing a sum of money for a month's rent, have been in vain, and although the gypsies

were asked to leave Thursday afternoon at 4 o'clock, Friday found them still in camp, evidently intending to stay for their month.

The gypsies claim a right to stay at the grounds for a month as they hold the rent receipt. Residents of East Great Plain, upset over the claimed unsanitary conditions near the camp, have appealed to nearly every city official, but up to Friday they were still there, as legal steps are necessary to force them to vacate the grounds.

The 'Astro' calendar consisted of a year of eighteen months.
